

FOR THE BLOOD BROWN'S IRON BITTERS

Combining IRON with PURE VEGETABLE TONICS, quickly and completely CLEANSSES the BLOOD, and removes all impurities from the system. It cures the Liver and Kidneys, clears the complexion, makes the skin smooth. It does not injure the teeth, cause headache, or produce constipation—ALL OTHER IRON MEDICINES DO. Physicians and Druggists everywhere recommend it.

Dr. N. S. ROGERS, of Marion, Mass., says: "I recommend Brown's Iron Bitters as a valuable tonic for enriching the blood, and removing all dyspeptic symptoms. It does not hurt the teeth."

Dr. R. M. DREZZEL, Reynolds, Ind., says: "I have prescribed Brown's Iron Bitters in cases of anemia and blood diseases, also when a tonic was needed, and it has proved thoroughly satisfactory."

Mr. W. M. BYRNS, 36 St. Mary St., New Orleans, La., says: "Brown's Iron Bitters relieved me in a case of blood poisoning, and I heartily commend it to those needing a blood purifier."

Mr. W. W. MOSEMAN, Tusculum, Ala., says: "I have been troubled from childhood with impure blood and eruption on my face—two bottles of Brown's Iron Bitters effected a perfect cure. I cannot speak too highly of this valuable medicine."

MR. O'BRIEN IN OTTAWA.

AN IMMENSE THROG AGAIN GREETSTHE IRISH PATRIOT.

He is Enthusiastically Received and Delivers His Speech Unmolested—A Vastly Different Reception From the One in Toronto—Talk of Annexation.

OTTAWA, Ont., May 21.—Mr. O'Brien and friends arrived here shortly before 6 o'clock last evening. A committee of citizens and Land Leaguers from Ottawa met the train at Moberly, 175 miles out. The deputation was composed of prominent gentlemen. As the train slowed up at the Grand Union station at 5:30 o'clock it was seen that an immense crowd had assembled. The crowd set up a tremendous cheering as Mr. O'Brien stepped on to the platform, and this enthusiasm was manifested again and again.

On leaving the station the party was driven to the Russell house. When O'Brien entered the Rotunda of the hotel, an attempt was made by some persons in the surging throng to cheer the queen and to repeat the scene generally that was witnessed at the Queen's park meeting in Toronto, but the storms of cheers for O'Brien and groans for Lansdowne rose above everything else.

At the Royal roller rink, later on, 5,000 persons were packed. Large pictures of Gladstone and Parnell were placed in front of the platform, with an Irish, an American and a Canadian flag, and the motto, in large green letters, "God Save Ireland." In one corner of the hall was massed a solid body of young students from Ottawa college, 300 in number, and mostly Americans, who shouted in chorus, "O-B-R-I-E-N," amid thunders of applause. The platform was occupied by a large number of priests, members of parliament and prominent citizens.

As Mr. O'Brien stepped upon the platform the vast audience rose as one man and cheered enthusiastically. Not another man could get into the hall. The whole demonstration was plainly meant as an answer to the Toronto attack.

Everybody was talking of annexation, and Richard Nagle, one of the most prominent citizens, said: "We want annexation; we don't want any more pauper stricken landlords coming over here to disgrace us and shame themselves."

An address of welcome was read by Professor H. J. Frawley, of Ottawa college. Then followed the reading by Secretary J. D. Gray of two telegrams, which set the audience frantic. Men cheered and yelled until they could do it no longer. The thronging thousands outside caught it up and carried it over half of the city. These are the telegrams:

"HALIFAX, N. S., May 19.—Deepest sympathy with you. As a Christian I am shocked, as a Canadian humiliated, though not much surprised at the vile blackguardism in Toronto. Educated ruffians, who met under Mayor Howland, are chiefly responsible. ARCHBISHOP O'BRIEN."

"CHICAGO, May 18.—At a representative meeting of 30,000 Knights of Labor in Chicago, resolutions were passed expressing heartfelt sympathy with the object of your mission to Canada, and condemnation of Lansdowne's action in Ireland.—District Assembly No. 24, Knights of Labor."

Mr. O'Brien then made an address which evoked the wildest applause.

After his speech at the rink last night, Mr. O'Brien was tendered a banquet at the Russell house, at which Mr. Starrs presided. Among the two hundred guests present were the most prominent citizens of Ottawa. The speeches were brief but eloquent, and the proceedings lasted until midnight. In the meantime a gang of roughs paraded the streets singing, "We'll Hang O'Brien to a Sour Apple Tree." A Dick Connelly, a Boston adherent of Mr. O'Brien, challenged one of the mob to fight and was arrested. Mr. O'Brien goes to Kingston, and if he goes safely away from there he will consider his battle won.

Will Not Visit St. Catharines.—St. CATHARINES, Ont., May 21.—The proposed visit of William O'Brien to this city on Tuesday next has been cancelled.

WAIL FROM STARCH MEN.

They Claim that New Manufacturers are Ruining Their Business.

CHICAGO, May 21.—The starch manufacturers of the west held a protracted meeting yesterday. It was claimed that the present condition of trade was utterly demoralized by the ruinously low prices at which many of the manufacturers were selling their products. So great has been the cutting that the manufacturers found it impossible to realize 10 per cent. on the goods sold, and it was believed time to call a halt.

It was stated that there were but twenty-three starch manufacturers in the United States, which, considering the immense amount of the article used, ought to permit the business to be legitimately conducted and allow a fair percentage of profit to all engaged. The magnitude of the business may be estimated when it is stated that an increase or decrease of 1-8 per cent. involved a loss of \$4,000,000. It was finally decided to adhere to present prices and to maintain a schedule as adopted by the association.

NEW YORK, May 21.—A story has been circulated in Brooklyn, the stronghold of the Clan Na Gael society to the effect that the organization had been financially wrecked by the disappearance of one of the executive officers with \$40,000 of the society's fund. Authorities in the society said that the story was without the slightest foundation, and undoubtedly it came from persons not friendly to the organization.

Drowned Body Recovered.

AUBURN, N. Y., May 21.—The body of L. C. Mann, a prominent citizen of this city, who was drowned in Cayuga lake, by the capsizing of his boat on May 4, was found floating on the water near where the drowning occurred. Charles E. Courtney, the oarsman, discovered the body while out on the lake in his boat. He will receive the reward of \$100 offered for the recovery of the body.

Killed in a Mine.

NELSONVILLE, O., May 21.—John Kennedy, aged fifty-two, was killed in the mines at Buchtel yesterday by a loaded car running over him.

A WOMAN'S WEARY TRAMP.

Only to Find Her Husband in Jail for Burglary.

JAMESTOWN, N. Y., May 21.—Ten days ago a gang of burglars attacked the house of Farmer Wagner, near Tionesta. The farmer and his son fought desperately and the son shot and killed one of the burglars in his tracks. Last week another of the burglars was found dead in an old deserted coal mine near by. The three other thieves were arrested three days ago and lodged in jail. Yesterday a tall, sad, weary-looking woman arrived by train at Tionesta and inquired if a man by the name of Haggerty had lived there.

Upon learning the only person of the name was James Haggerty, one of the prisoners in jail upon the charge of burglary, the poor woman was overcome. She stated she was Haggerty's wife, that she had come on here in response to a telegram from him commanding her to come. She supposed he was sick and needed her care, so with her babe in her arms she had traveled from Hancock county, W. Va. She said she was the mother of five children and that she had not seen her husband for over a year. Mrs. Haggerty said also that her maiden name was Depew, that she had a relative who is a member of the assembly of West Virginia and a related to Chauncey M. Depew. Wilson, another of the prisoners, asserts that his uncle is a member of the state legislature of Pennsylvania.

A Marquis Arrested.

NEW YORK, May 21.—The Marquis De Mares was arrested here on an order issued by Judge Donahue, based upon the affidavit of Samuel Grimeshaw to the effect that in his belief the marquis was about to leave the country and had disposed of all his property with intent to defraud his creditors. Mr. Grimeshaw has a suit pending against De Mares for \$20,000 damages for breach of contract. He claims that he contracted to assist the marquis or the Consumers' Meat company to obtain control of retail butcher stores in New York, and was to be paid in stock and made director of the company. He alleges that he carried out his part of the agreement, and spent large sums in advertising the great co-operative scheme, but has found that the marquis had no syndicate of capitalists backing him, as he claimed, and that the whole scheme has fallen through. He therefore seeks to recover damages. The marquis furnished \$2,500 bail and was released.

A Strange Proceeding.

BALTIMORE, May 21.—The case of Wagner against Bonnett, which has been on trial in the city court for several days, was unexpectedly terminated by the court declaring that the jury was not competent to render a verdict, owing to the conduct of James D. Fritscher, one of the sworn jurors, and George F. Fritscher, who was sitting in the jury box, although he had never been chosen a juror. When the jury took their seats in the box in the morning James D. Fritscher was absent. Fritscher, a spectator, stepped up quietly and took D. Fritscher's seat unobserved, and listened to what was going on. D. Fritscher came later but did not take his seat in the box. No one noticed the mistake until it was communicated to the court from the jury room in the afternoon after the jury had retired. The judge declared that it was a mistrial. Fritscher was fined \$150.

Embezzlers' Trials.

PHILADELPHIA, May 21.—William Herbst, the former president of the First National bank of Glen Rock, on trial in the United States court on the charge of embezzlement, has been found guilty by the jury of misappropriating funds belonging to the bank. The aged prisoner exhibited but little outward emotion but the state of his feelings was shown by his dazed manner in leaving the court room. Jacob S. Herbst, the son of a member of the mercantile firm of William Herbst & Son, was then put on trial. The matter of admitting the evidence in the trial of the ex-bank president against the defendant, just as it had been repeated in his case, then took the form of a legal argument. At its conclusion the case of Henry Saitz, ex-cashier of the bank, will most likely be disposed of. The latter has been in jail for some time unable to procure bail.

Fighting Women.

PHILADELPHIA, May 21.—At an early hour this morning an altercation occurred between two women, Mary Hughes, alias O'Brien, and Mary Hogan. The quarrel, it is alleged, arose from accusation by Mrs. Hughes, that the Hogan woman was associating with Frank Hughes, the former's divorced husband. The women came to blows, during which Mrs. Hughes received frightful injuries. Her head was laid open with a blow, supposed to have been dealt with a blackjack or some such blunt instrument. Her face was badly swollen and both of her eyes were closed. Dr. Hassel, the district surgeon, expressed the opinion that the wounds would result fatally, and had the injured woman removed to a hospital. Mary Hogan was afterward arrested, and committed to await the result of Mrs. Hughes' injuries.

Another Monument Unveiled.

NEW PHILADELPHIA, O., May 21.—The handsome marble monument erected through the generosity of the late Maj. Kaldenbaugh to the memory of the soldiers of Tuscarawa county was unveiled yesterday. The ceremonies were of the most impressive character, and fully twelve thousand strangers were in town. Grand Army posts, Sons of Veterans, camps and brass bands from all adjoining towns were present, and 5,000 persons participated in the grand parade. The presentation speech was made by Hon. William McKinley, and was a masterpiece of oratory.

A Unique Tragedy.

COLUMBUS, Ind., May 21.—While a couple of men were sawing a tree that had been blown down about three miles from Elizabethtown, yesterday, a son of John Rucy came out where they were working, and being quite a lad, over thirteen years old, little attention was paid to him. He got into the excavation made by the uprooted tree, and was buried and instantly killed by the return of the stump to its original position after the tree had been sawed off.

Heavy Damages Awarded.

GRAND RAPIDS, Mich., May 21.—Mrs. Annie Boyd recovered \$9,500 damages from Rum-Seller Christopher Post, who sold her brandy liquor, under the influence of which he killed a man and was sentenced to prison for life.

RIOTOUS HUNGARIANS.

COKE DRAWERS DRIVEN FROM THEIR WORK BY A MOB.

A Battle in Which Knives, Revolvers, Clubs and Stones Take a Prominent Part—State of Affairs in the Great Chicago Strike—Other Labor News.

DAWSON, Pa., May 21.—There was a riot at Schoonmaker's Jintown works about 5 o'clock this morning. Some twenty employees were at work drawing ovens, when a mob of over three hundred Hungarians, reinforced by a number of negroes from the various coke works in the region, made a desperate raid upon the workers and a battle ensued. Knives, revolvers, clubs, stones and every conceivable missile was brought into service, but the strength of the mob was too great, and the workmen were driven from the place, but not until many on both sides had been badly used up.

One "Hun" who was at work had both arms broken, and was otherwise seriously injured. Andrew Walker, one of the bosses at the works, was badly beaten and had a valuable watch stolen. The mob smashed up tools, barrows, etc. They then marched to the Nellie mines, passing through Dawson and crossing the bridge regardless of the gate-keeper's demand for toll. At Nellie mines, owned by James Cochran & Co., they found no one at work, and contented themselves with throwing a few barrows over the hill. At these mines Henry Cochran had a narrow escape with his life. He was pointed out as a son of the proprietor of the works, when a rush was made for him and he only succeeded in getting away by swift running. More than fifteen shots were fired at him. The mob then left for Leisenring, seemingly satisfied that they had done a great day's work.

Labor Troubles in Chicago.

CHICAGO, May 21.—"We have no reason to complain of the way things are going," said President Vorkler, of the bricklayers' union this morning. "We are getting all the material that quite a number of firms are able to turn out, and although the supply is not equal to the demand at present there will be enough in a few days. The master masons may laugh at the names of some of the material men who are furnishing us with goods and say there are no such men but we are getting the stuff. They say there is no such man as Sweet, but he has now 500 extra brickmakers at work and is rushing things to keep us going. There are twenty new firms of contractors in the city to-day, too, and they are having all the work they can do."

"I doubt if there are 400 hodcarriers idle," said Mr. Touhey to-day. "A large number of our men have secured situations in lumber yards, brick yards and other places. Some have left the city, and not a few are at work for contractors, who are finding all the building material they require. I think the bosses' will soon give in."

The conspiracy cases against the bosses will be considered by the bricklayers at their next meeting, and money will be subscribed for the purpose of pushing the prosecution in case the advice given them is favorable.

Situation Unchanged.

WILKESBARRE, Pa., May 21.—The situation at the Wentz company's collieries is unchanged. The miners are still idle and ignorant Hungarians and Italians have taken their places. As many families are leaving the place as are able, but the company is trying by a policy of obstruction to prevent even this. No further evictions took place yesterday, due probably to the vigorous efforts of the knights to prevent them by legal means.

A New York Labor Law.

ALBANY, N. Y., May 21.—The state senate has passed Mr. Gorman's bill prohibition under a penalty of six months imprisonment, employers of laborers from coercing any person to sign an agreement not to enter a labor organization as a condition for securing employment.

Death of a Marquis.

BOSTON, May 21.—The Marquis De Sempé, an indignant French nobleman, met a strange death yesterday on the Boston & Providence railway, a few miles from here. He jumped on the train without a ticket, and told the conductor he wanted to speak to his daughter, who was on the train. He did not speak to his daughter, but sat down on the platform between the second and third cars. After passing Canton Junction he was missed, and the dead body of the unfortunate man was found near the track cut in pieces. It is stated that his daughter was returning to Paris by the advice of a priest, who believes her father was not competent to care for her.

Robert Lincoln Out of Politics.

NEW YORK, May 21.—A Chicago dispatch to the Herald says that friends of Robert Lincoln believe that Mr. Blaine is anxious to open negotiations with Mr. Lincoln, in regard to the latter accepting the second place on the ticket with Blaine in 1892. It is known that Blaine telegraphed an invitation to Mr. Lincoln to visit Augusta and that it was declined. Mr. Lincoln has assured his friends that he is out of public life and the party must look elsewhere for the tail to his ticket.

Local Option Constitutional.

ATLANTA, Ga., May 21.—Judge Pardee, of the United States circuit court, in a suit tried yesterday, held the Georgia local option law to be constitutional. The case will be appealed to the United States supreme court.

Killed By a Saw.

HOWARD CITY, Mich., May 21.—Myron M. Cullom, aged thirty-five, an employee at Bond's mill, at Wood Lake, fell on a cut-off saw yesterday afternoon and was cut in two. He leaves a wife and two children.

A Magistrate Kills Himself.

CYNTHIANA, Ky., May 21.—Squire W. T. Asbury, aged sixty, a wealthy and respected citizen of this county, and justice of the peace for five years past, committed suicide this morning by hanging himself to a rafter in his barn. He had been working in his garden until about 8 o'clock, when he was missed, and shortly afterward was found swinging to the rafter dead. Mr. Asbury was doubtless insane.

TEXAS TRAIN ROBBERS.

Graphic Description of the Occurrence By One of the Travelers.

SAN ANTONIO, Tex., May 21.—Harry Lande, a commercial traveler, who was on the train "held-up" and robbed at McNeill, arrived here last night. He says the robbers numbered twelve or fifteen. They had tied the station agent hand and foot, so that he could not signal the train, which stopped as usual at the station. The robbers at once began firing to frighten the passengers. Lande looked out of a window and was ordered to get back. Before he could do so he was wounded in the arm. The passengers dropped to the floor, and crawled under the seats. They were not molested. The robbers confined their attention to the express and mail car. They got \$4,000 express money after giving Messenger Northacker a beating for trying to deceive them by producing only a small amount. The train was stopped about half an hour.

The messengers were forced to throw up their hands and ordered to hand over the registered letters and cash. The robbers seemed to be in good humor, and when Postal Clerk Spaulding told them that all the registered letters had gone on the day train, one of the highwaymen said: "That's all right. It isn't Uncle Sam's money we want, it's Jay Gould's." When they had rifled the express packages the robbers bade the clerks a pleasant good night and left. The leader of the gang was tall, dressed like a cowboy, and wore a mask. The faces of the others were uncovered. Spaulding says the leader gave orders not to harm the passengers, and "not to shoot any of our own men." He believes the robbers were new hands at the business.

An Actress Instantly Killed.

DENVER, Col., May 21.—A Rio Grande railroad train was thrown from the track at Salida yesterday morning. Kate Castleton's company were aboard. The leading lady, Grace Leslie, was instantly killed. Dr. George Cox was badly hurt on the head. Conductor Aubrey, of the sleeper, was seriously injured. The company were in the sleeper. The car was smashed in rolling down an embankment. The company played at Pueblo the night before and were on their way to Leadville. The wounded were taken to the railroad company's hospital at Salida. The Castleton company returned to Denver last night. The body of Miss Leslie will be forwarded to friends in Brooklyn. The Leadville engagement has been cancelled. The three mentioned were the only persons injured, though all the passengers were thrown violently in all directions. Miss Leslie and three others were forced through the broken car windows upon the rocks. Miss Leslie's spine was broken, and her head was cut open.

The Lost Mines of Mexico.

CITY OF MEXICO, May 21.—A private letter was received here to-day from Mr. J. Power, one of the party who discovered two of the historical lost mines in northern Mexico. Mr. Power announces his departure, with a large party and machinery, to develop the Guanopu, one of the mines. He says that after several days' consideration he has declined an offer made by a St. Louis mining company of \$10,000 for one-twentieth interest in the Guanopu. Information has also been received that a party will soon start from Deming to explore the same Sierra Madre country in search of the other lost mines.

Big Base Ball Deal.

PHILADELPHIA, May 21.—President Reach, of the Philadelphia club, offered to purchase Shindle from President Stearns, of Detroit, yesterday. "How much will you give?" asked the latter. "I'll tell you what I will do. I'll give you \$18,000 in cold cash for a pick of three men." Stearns hesitated and then said he guessed he couldn't sell. After the game Reach and Manager Wright had a long talk, and last night Stearns and Reach were closeted. It is thought that negotiations are in progress for a great deal. Brothers and Richardson are two of the men wanted.

Changed His Politics.

BROOKLYN, N. Y., May 21.—Gen. Isaac S. Catlin, ex-district attorney, who has always been prominent in the Republican party of this city, has resigned from membership of his Republican ward committee and applied for admission to the Democratic organization. He has been displeased by recent management of the party in this city.

SHELBY, O., May 21.—Thirty-eight brass bands from the surrounding country met here to-day in second annual reunion. Speeches, music by the bands—individually and collectively—and a free dinner to the visitors were the features of the day. Nearly 10,000 spectators lined the streets when the parade passed.

THE accounts allowed at the last Court of Claims in Madison County amount to \$10,926.79.

THE Pendleton Democrat says that Pendleton County can be relied upon for a majority of 600 for the Democracy in August.

THE County Judge, of Madison County, is paid a salary of \$1,000, the County Attorney, \$900, and the Superintendent of Schools, who is a woman, \$800.

PHIL ARMOUR, of Chicago, is shipping meat in refrigerator cars to Lexington, and butchers are kicking against his low rates. Good steak is selling at from 2½ to 5 cents lower than ever before.

THE Republican says the \$800,000 mistake its junior editor made a few weeks ago was only a "clerical error." Suppose it was, it was very inexcusable under the circumstances, and would characterize any one as a most careless and reckless individual.

THE colored people furnish one-half the Republican vote of Kentucky, and yet at the recent State convention in Louisville the negro delegates were snubbed and treated shamefully. An exchange remarks that "the colored man and brother is a rank sucker, if he lets the Republican party use him in the future as he has in the past."

THROUGH the persistent efforts of Superintendent L. W. Galbraith, the Court of Claims has done all it could do to provide a means for paying the school teachers their salary monthly hereafter, and if the teachers do not get their salaries monthly, it will be through no fault of the Superintendent. He is authorized to borrow the necessary funds at a rate of interest not to exceed six per cent., and it is to be hoped that he will meet with no trouble in securing the money. Most of the teachers are paid little enough as it is, and they should not be asked to wait six or eight months for their salary after the services are rendered.

"Work, Work, Work!"

How many women there are working to-day in various branches of industry—to say nothing of the thousands of patient housewives whose lives are an unceasing round of toil—who are martyrs to those complaints to which the weaker sex is liable. Their tasks are rendered doubly hard and irksome and their lives shortened, yet necessity compels them to keep on. To such Dr. Pierce's "Favorite Prescription" offers a sure means of relief. For all female weaknesses it is a certain cure. All druggists.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial bottles of this great discovery for consumption free at J. C. Pecor & Co.'s and S. P. Campbell & Co.'s, Aberdeen, O.

The Verdict Unanimous.

W. D. Suit, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of rheumatism of ten years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my twenty years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only half a dollar a bottle at J. C. Pecor & Co.'s and S. P. Campbell & Co.'s, Aberdeen, O.

AN OBJECTIONAL SECTION

MORE PETITIONS BEFORE THE INTER-STATE COMMERCE COMMISSION.

The Latest Comes From the Chamber of Commerce of Charleston, S. C.—A Court of Inquiry Ordered in the Shell Explosion Off the Japanese Coast.

WASHINGTON, May 21.—Petitions from boards of trade and individuals urging the enforcement of the fourth section of the interstate law and occasional protests from railroad companies against the enforcement of this section continue to come in daily at commission headquarters. Among the petitions received to-day was one from the chamber of commerce of Charleston, S. C., asking the immediate enforcement of the fourth section of the law. It says:

"In advocating the petition, your memorialists would state that in their opinion the main purpose and aim of congress in passing this interstate commerce bill was the correction of the continued discriminations against the unrestricted and general exchange of commodities by the great railroad systems of this great country. It seems, therefore, to your petitioners, only fair and just that until the effect of this bill upon the varied interests of our land is proven by its enforcement to be injurious or harmful to any particular class or section, your honorable body should delay exercising the discretion vested in you of suspending any of its provisions. We desire also to emphasize the fact that evidently the spirit of this bill, if carried out, will certainly tend to prevent unequal and oppressive tariffs being laid upon the trade or commerce of one section or territory, in order to refund to those corporations the loss sustained in the carriage at less than actual cost of freights of another section or territory. Your memorialists, therefore, earnestly petition you to enforce all the provisions of this interstate commerce bill, and in order to equalize these unjust and discriminating rates, which seem planned and carried into effect without any regard to the general good or the welfare of all the interests effected by them."

Mr. J. C. Stubbs, general manager of the Southern Pacific railroad, had a hearing before the commission to-day, and presented evidence in support of the company's petition for the permanent suspension of the long and short haul clause.

Court of Inquiry Ordered.

WASHINGTON, May 21.—Secretary Whitney this afternoon ordered a court of inquiry to investigate the accident by which several Japanese subjects were killed by the explosion of shells which had been fired from the Omaha under the command of Capt. Selfridge. Capt. Fitzhugh, Matthews and MacNair, with Paymaster Allen as recorder, will constitute the court of inquiry and will proceed from this country to Japan to conduct the inquiry. Capt. Selfridge will accompany the court. The secretary will issue a letter saying he has investigated the Omaha accident carefully, but was unable himself to determine the exact truth as to all the facts and therefore was constrained to order the court.

The secretary was led to the conclusion that there was no wilful or intentional disregard of duty, but that there was negligence and disregard of precaution. He believes that Capt. Selfridge supposed that proper safeguards had been provided against accident. Shell practice so near the Japanese shore was in violation of international comity and Japanese laws. There is some doubt as to whether a Japanese village was actually endangered by the shell practice. It is clear that unexploded shells were left upon Japanese soil. Whether the precautions taken by Capt. Selfridge in these matters was sufficient remains to be determined by the court. There is no reason to doubt that Capt. Selfridge supposed he had acted properly, and if a decision to the contrary should be reached the secretary believes it would be an injustice to the captain to impute any wilful disregard of his duty.

The President's Vacation.

NEW YORK, May 21.—A Malone, N. Y., dispatch to the Times says on the authority of a gentleman entirely sure of the facts, that the president will leave Washington on May 25 with Mrs. Cleveland, Mrs. Folsom, Col. Lamont and Mrs. Lamont for Saranac lake, and will be absent from the capital about ten days.

The Times' Washington correspondent interviewed Col. Lamont on the Malone dispatch with the following result: "The president may not be able to get away, but if he could I don't know but what he would be tempted by the report that the fishing is good. I don't know that it would be a bad thing for the president to try and get away for a few days. I am glad to hear that he is going to take me with him."

Funeral of Mrs. Gibson.

WASHINGTON, May 21.—The funeral of Mrs. Gibson, the senator's wife, took place this morning at 10 o'clock, at St. Matthew's church, and was largely attended by friends prominent in official and resident society. The honorary pallbearers were Secretary Bayard, Hon. George Bancroft, Senator Cockrell, Representatives Randall and Barbour, Dr. Richardson, Hon. Randolph Tucker and Messrs. Frank Riggs, Lloyd Lowndes and Washington. The interment was made temporarily in the vault at Mt. Olivet cemetery.

All the Three-Per-Cent Bonds Called In.—WASHINGTON, May 21.—Secretary Fairchild has issued a bond call for all the remaining three-per-cent bonds, \$19,700,000, making them payable July 1. He will also revoke his orders making uncalled bonds redeemable before that date.
